## BRC GLOBAL STANDARD

### FOR PACKAGING AND PACKAGING MATERIALS

### - MEETING THE REQUIREMENTS

### Course Overview

This course provides an understanding of the requirements of the Global Standard for Packaging and Packaging Materials (Issue 4, February 2011).

It will benefit those who specify, establish, develop or evaluate operations and systems that meet the Global Standard (and related standards) requirements.

### Course Objectives

This course focuses on the evaluation procedures and requirements detailed in the Global Standard for Packaging and Packaging Issue 4. At the conclusion of the course, participants will be familiar with:

- Background to the development of third-party inspection services, BRC Global Standard, including the category system
- Audit and certification process
- The structure of the BRC Global Standard - Packaging and Packaging Material Issue 4
- Case studies
- Fundamental requirements.

## Entry Level Requirements

Participants should have attended formal HACCP training.

To ensure that this course is valuable to your company, delegates must be comfortable communicating in English and need suitable reading and writing skills.

A certificate of attendance will be issued once the course has been successfully completed.

## Who Should Attend

Staff selected to implement and maintain the BRC system, food safety team members and support staff.

**Duration:** Two days

**Language:** English

## Course Outline

- Background to the Global Standard
